## CitizenOne: the trusted portal for citizens

CitizenOne is a fully configurable portal with a focus on citizens, from the user experience to data protection measures.

portagecybertech.com

Developed together with provincial governments

## How can your organization benefit from CitizenOne?

- Helps comply with GDPR requirements by providing users with the ability to withdraw consent for the use of their personal information
- · Allows for the transparent use of personal information through consent
- Integrates with your access management solutions in accordance with OAuth/OIDC and SAML standards
- Enables secure connections between databases and user portals for credentials
- · Minimal data storage and anonymization
- API integration and endpoint management
- Premium security features
